Unit 12

NUTRITION INTERVENTION PROGRAMMES AND POLICIES

Nutrition is a major factor in bringing out the maximum potential that one is endowed both physically and mentally. Widespread malnutrition is largely a result of dietary inadequacy and unhealthy lifestyles. The great advantages of looking at malnutrition as a problem in human ecology is that it allows for variety of approaches towards its prevention.

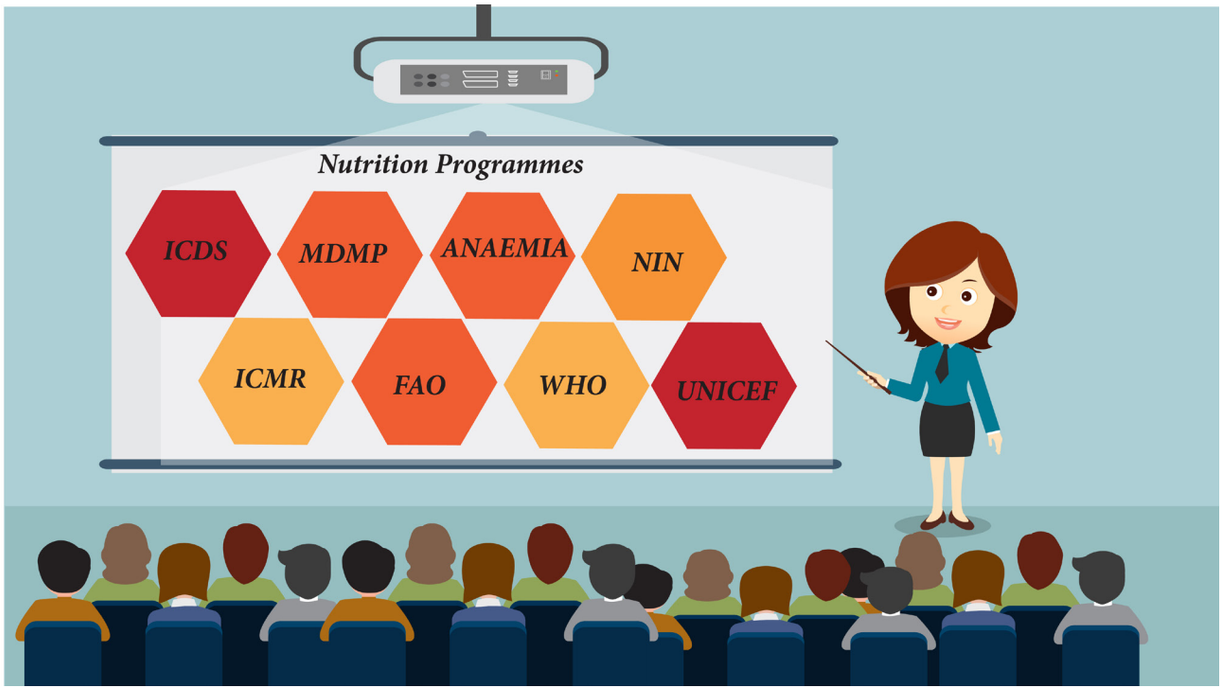

In this lesson, the students will be able to know about:

- the ongoing intervention programmes by the Government to overcome malnutrition.
- National and International agencies that fight against malnutrition.
- the various components of noon meal programmes which helps in the overall development of children.
