Learning Objectives

1. To understand the resource position of Tamil Nadu economy
2. To analyse the performance of Tamil Nadu economy in relation to other states.

11.1 Introduction

The economic and social development of states in India are not uniform. Wide regional disparities exist. The western region and southern regions are better off than the other regions. Tamil Nadu is geographically eleventh largest and population wise third largest. Tamil Nadu fares well with many achievements. It stands to second in terms of contribution to GDP, third highest in terms of per capita income, investment, Foreign Direct Investment (FDI) and industrial output. It has been ranked as the most economically free state by the Economic Freedom.

In the social and health sector also Tamil Nadu's performance is better than many other states and better than national average in terms of health, higher education, IMR and MMR.
