ICT CORNER

Inverse Relation Between Price and Consumer's Surplus

Inverse Relation helps in the study of Relation Between Price and Consumer's Surplus.

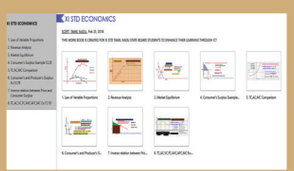

Steps:

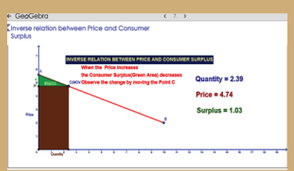

- Open the Browser type the URL given (or) Scan the QR Code.
- GeoGebra Work book called "XI STD ECONOMICS" will appear. In this several work sheets for Economics are given, Open the worksheet named "Inverse Relation Between Price and Consumer's Surplus"
- This work sheet is to give an Idea about the Consumer's Surplus and an Inverse relation. In this worksheet Green coloured triangle is the Consumer's Surplus. The vertical line shows the price and the Horizontal line shows the Quantity.
- Move the point C so that the triangle area is increased when the price is decreased and the triangle area is decreased when the price increases. This is called the Inverse relation between the price and Consumer's Surplus.
