Chapter

6

INFORMATION PROCESSING

HIBBMR

Learning objectives

- To create larger shapes using Tetrominoes.
- To analyse visual information using route map.

Recap

The activities given below, help us to recall sorting and arranging information that we studied in class VI.

Activity

Create the shapes of birds shown below, using the tangram pieces (*Fig 6.1*) and paste it in the bird sanctuary picture (*Fig 6.2*). One is done for you.
