III. Write short notes

24. What is antibiotics?
25. What is incubation Period?
26. Write about the types of adaptive immunity.
27. List out the organism involved in respiratory tract infection.
28. Write any two types of sterilization process in moist heat method.
29. List the types of microscope.
30. Write about the methods of dry heat sterilization.
31. Write about the types of rays involved in sterilization Process.
32. What are the stages involved in stages of Infection?
33. List the types of Infection.
34. What is Fumigation? With example.
35. What is Pasteurization?
36. List out the things which are used in universal precautions for infection control.
37. What is Bio-medical waste management?

IV. Write in detail

38. Explain the types of Immunity.
39. Write in detail about the types of vaccine.
40. Explain the infection process.
41. Write about the course of infection.
42. Write in detail about the moist heat sterilization.
43. Write about the defence against infection.
44. Write the need for universal precaution.
45. Explain the classification and disposal of Bio-medical waste.
46. Explain the Objective, Planning, functions and activities of CSSD.

A-Z GLOSSARY
