Group Approach

Advantage	Disadvantage
■ Familiar, trusted and influential ■ Provide Motivation / support more than media alone ■ Can be inexpensive ■ Offer shared experiences ■ Reach large intended audience in one place	■ May not provide individual personal attention ■ Needs approval from organization Can be costly and time consuming

Mass Approach

Mass Media	Advantage	Disadvantage
News Paper	■ Reach broad intended audience rapidly ■ Can convey health news/ break thoughts more thoroughly than T.V ■ Intended audience has the chance to clip reread, en template and pass along materials	■ Larger circulating papers may take only paid advertisement ■ Exposure is limited only to one way ■ Article placement requires contacts and may be time consuming
Internet	■ Reach large number of people rapidly ■ Updated and disseminated information ■ Control information provided ■ Tailor information specifically for intended audience can be interactive ■ Demonstration can be by individual and graphs ■ Can use banner advertisement to direct intended audience	■ Can be expensive ■ Many people do not have access to internet ■ Intended audience must be proactive ■ May require monitoring ■ May require maintenance over time
