The Swasth Hind from Delhi and World Health from WHO are important health magazines. The health magazines stimulate awareness among people.

(3) **Press:** Newspapers are the most widely distributed of all forms of reading material. They are an important channel of communication to the people.

(4) **Films:** Films are very expensive to produce, and they get out-of-date very quickly. But film-shows attract large gathering.

(5) **Radio and TV:** These are found nearly in every home. They are potent instruments of education. Radio talks should not exceed 15 minutes.

(6) **Health Exhibitions**: If properly organized, health exhibitions can attract large numbers of people. Health exhibitions are used in connection with key points of interest – e.g., fairs and festivals, mass campaigns, etc.

(7) **Health Museums**: A good health museum can be a very effective mass media of education, such as the one at Hyderabad in Andhra Pradesh.

(8) **Indigenous Media**: Indigenous Media like katha-vartha, prabhat pheries, songs and dramas have roots in our culture. Health messages can be carried through these media.

10.6.4 Selection and uses of Audiovisual Aids

The following criteria are guides for the selection of the books and other printed teaching materials. How each applies in a given instance depends upon the teaching objectives, which have been set up to meet particular needs.

Students Activity

Divide students into group and encourage each group to prepare different types of AV-aid like poster, flash card, etc.

Organize an AV- aid exhibition in your school and conduct interschool competition

DO YOU KNOW?

The below has been given the benefits of bowling.

Now ask the students to identify the benefits of each activity
