If a slide is not in the correct sequence, you can move it to its proper place:

a) Click the slide icon of the slide that you wish to move, as indicated in Figure 8.22.

b) Drag and drop it where you want.

8.7.3. Notes view

Use the Notes view to add notes to a slide:

1) Click the Notes tab in the Workspace (Figure 8.23).

2) Select the slide to which you will add notes.
