- **Use the Shift key:** Click on the first slide, and while pressing the Shift key, select the final slide in the group. This selects all of the other slides in between the first and the last.

- **Use the cursor:** Click on the first slide to be selected. Hold down the left mouse button.

- Drag the cursor to the last slide thumbnail.

  A dashed outline of a rectangle forms as you drag the cursor through the slide thumbnails and a thick black border is drawn around the selected slides. Make sure that this rectangle includes all the slides you want to select. (Figure 8.25)

**To move a group of slides:**

1) Select the group of slides.

2) Drag and drop the group to their new location. The same vertical black line appears to show you where the group of slides will go. You can work with slides in the Slide Sorter view as in the Slide pane.

To make changes, right-click a slide and do the following, using the pop-up menu:

- Add a new slide after the selected slide.

- Delete or rename the selected slide.

- Change the Slide Layout.

- Change the Slide Transition.

– For one slide, click the slide to select it. Then add the desired transition.

– For more than one slide, select the group of slides and add the desired transition.

- Mark a slide as hidden. Hidden slides will not be shown in the slide show.

- Copy or cut and paste a slide.
