SUMMARY

- The War lasted from 1939 till 1945 and was fought in almost every part of the world, in Europe, Africa and the Asia Pacific. The Allies, initially Britain and France, and subsequently the USSR (Russia) and the United States, fought against the Axis powers - Germany, Italy and Japan.
- Initially both the German army in Europe and Japan in the East were very successful. However, after the United States with its enormous resources also joined the Allies, both Germany and Japan were defeated after many prolonged fighting.
- The post-War world saw the rise of two superpowers, namely the United States and the USSR. Both countries were in an arms race, especially to build their nuclear weapons.
