ICT CORNER

QUARTILES, DECILES, PERCENTILES

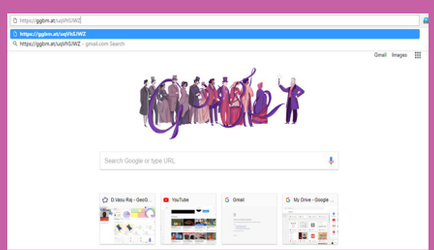

This activity helps to understand about quartiles, deciles and percentiles diagrammatically

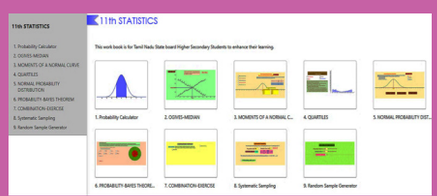

Steps:

- Open the browser and type the URL given (or) scan the QR code.
- GeoGebra work book called "**11th Standard Statistics**" will appear. In this several work sheets for Statistics are given, Open the worksheet named "**Quartiles**"
- Quartiles page will open. In that blue colour histogram is seen. If you click on "**Cumulative data**" pink colour chart for "**Cumulative frequency**" will appear. If you click on "**Ogive**" red colour ogive curve will appear. Now you calculate the quartiles, deciles and percentiles using the formula given in the text book.
- Now If press "**Quartiles**" check box to see the quartiles and check your answer. Now press "**N to frequency**" check box and move "**Blue dot**" on the x-axis to check your deciles and percentiles. If necessary You can create your own problem by typing new frequencies
