Theory of Democracy

Democracy means rule by the people. It combines two Greek words. Demos refers to citizen. Kratos means either power or rule.

It arranges the debate on current affairs so that we can get the different views for the same issue. Media reminds the government of its unfulfilled promises to the public. It educates masses in rural areas. Parliamentary democracy can flourish only under the watchful eyes of media. Media not only reports but acts as a bridge between the state and public. Thus the media acts as a watch day of the democratic government. A democracy without media is like vehicle without wheel.

Local Media

Usualy the media reports the news which of national and global importance where as local media addresses public locality.

Name some local media of your locality.

Conclusion

The media, in the contemporary world of information and technology plays a very significant role in educating masses. The media should always keep in mind, that it should not publish anything which corrupts the public mind and disturbs social peace. For healthy society sharing of views, free flow of information, free communication and expression plays a crucial role. Media, being powerful and important instruments of expression have got lot to contribute. Mass media have made the world smaller and closer.

Summary

- A medium is a means or way of communication; media is the plural of medium.
- Modern media such as TV, radio, newspaper, and the internet reach millions of people all over the world. So the common term used for them is mass media.
- Changing technology helps media to reach more people.
- Media has brought the world closer to us. It brings the news and happenings from across the world to the public in a fair and realistic way.
- In a democracy, the media plays a very important role in providing news.
- It is working out to be an effective tool to create public opinion on issues by improving awareness among the masses.
