1. Location of the office building
2. Securing the required office accommodation
3. Size of office accommodation
4. Lighting and ventilation of the space
5. Layout and facilities for office organization
6. Customer and staff conveniences
7. Cost of office space or accommodation
8. Miscellaneous consideration

3.2 . Office Location:

3.2.1. Factors in selecting Office Location:

The following factors should be considered before making the final choice of location of office building:

(i) **Suitability to Neighbourhood:** The office must be located in a quiet and healthy neighbourhood free from noise dust, fumes or intolerable smell.

(ii) **Proximity to Other Units:** Different units of the enterprise (e.g., factory, warehouse, branches etc) should be located nearby for smooth operation of business.

(iii) **Proximity to Related Business:** It is desirable to have an office near other offices which are engaged in the same line of business activities which enables for the advantage of localization.

(iv) **Nearness to service Facilities:** Office should be located near service facilities like banks, post offices, markets, stock exchange etc.

(v) **Nearness of Transport Facilities:** For the convenience of the staff and the customers as well as for smooth operation of business, it is necessary that the locality should be adequately served by transport services of all kind i.e. railway station, port, air terminal etc.

3.2.2. Factors in Selecting Office Premises:

The characteristics of the building, the building facilities, the proximity of the office building to business factors, the cost involved, adaptability of space, natural; lighting and ventilation provided, freedom from dust and noise, favourable impression on visitors and general public, provision for employees comfort and health and facilitation of working processes are to be considered while selecting location of office. The following points are to be kept in mind while selecting office building:

1) **Safety of Records and Staff:** The safety and security of office records and of the personnel employed in an office building is most important. The office building should have the advantage of a fire proof construction, fire escapes, automatic safety devices etc.

2) **Working Conditions:** The office building must provide good and satisfactory working conditions. Facilities like water, lighting and ventilation should
