Drill and practice method

It promotes the acquisition of knowledge or skill through repetitive practice. "It refers to small tasks such as the memorization of spelling or vocabulary words, or the practicing of arithmetic facts and may also be found in more sophisticated learning tasks or physical education games and sports.

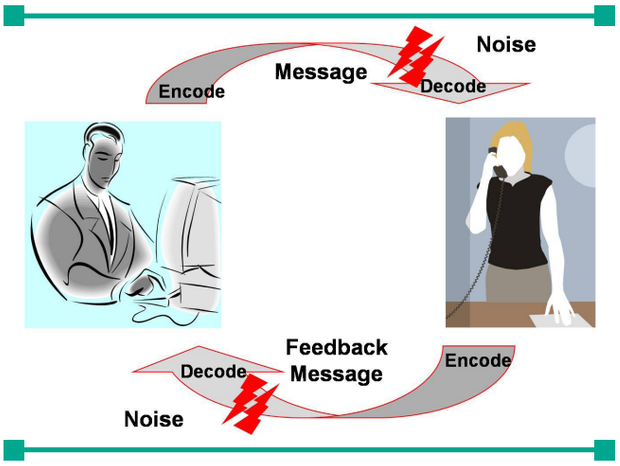

Rote Learning

- Rote learning is a learning technique which focuses on memorization. The major practice involved in rote learning is learning by repetition by which students commit information to memory in a highly structured way.

Discovery Methods

A method in which thoughts are synthesized to perceive something that the individual has not known before.

The learner get directly involved in learning. Learning is a result of the learners own insight, reflection, and experience.

8.4 BARRIERS TO COMMUNICATION

Noise represents any internal or external interference in the communication process. It can be caused by

1. **Physical Noise** – is the outside interference that blocks the communicator / receiver from receiving the message. This noise can be from any loud speaker, music system, fan in the room, running water etc.,
2. **Physiological noise** – any impairment like deafness, tooth removed, headache or pain in the body which can cause a block in effective communication.
3. **Semantic problem** – this problem arises from the choice of words used to convey a message.
4. **Syntactical problem** – caused by how a sentence is structured.
5. **Psychological problem** – when people are nervous, or reluctant to speak or preoccupied with other problems, then this causes a barrier to communication.
6. **Social noise** – when preconceived ideas are strong and if an individual is influenced by the unchangeable societal input, then these will cause problem to communication.

Activity 3

- Select any two different group settings such as a meeting and a social activity.
  - What was your role in each one?
  - Describe the extent of your participation in each
  - Can you recall any communication barriers?
