Railway station

	**Blue circles** give a positive instructions, about what is to be done.
	**Red rings** or **circles** give negative instructions. What should not be done.

Know your signals

What do the three colours red, amber and green signify?

RED means STOP- Wait behind the stop line.

- If there are no lines, stop before the traffic light at the intersection so that traffic light is clearly visible.
- Wait until a green signal appears before proceeding.
- You may turn left while the signal is red, if it is not prohibited by a sign. But give importance to pedestrians and other traffic.

AMBER means CAUTION-You may move on if the amber appears after you have already crossed the stop line or when you feel that your stopping may cause accident. Anyhow be extra careful.

GREEN means GO – Proceed ahead ensuring that the way is clear.

- You can make a right or left turn if not prohibited by signs, but take special care and give way to pedestrians crossing the road.
