ICT CORNER

Through this activity you will know about the Algebra, operations on them and study their properties as well.

Step-1 Open the Browser and type the URL given below.

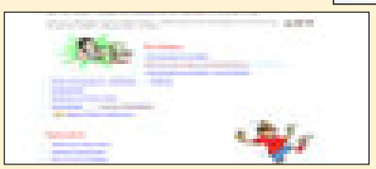

Step-2 Click on any one of the link in the items to know about the basics in algebra, exponents, polynomial, quadric equation etc.

Step-3 For example, click on the "Balance While adding and subtracting", link under the Basic menu. A new tab will open in the browser where you can see the interactive game on adding and subtracting algebra.

Step-4 Likewise you can learn all the concepts in algebra.
