7. Day – to day usages of waist belts, pen caps, cell phone panels and wrist watch straps. Observe how they are fastened ?
8. Observe the domestic water line taps. How are they opened and closed ?
9. The water pipelines made out in our localities for distribution. How are they connected ?
10. The drums and the tyres of automobiles. How are they fitted ?

By observation we find that different parts are connected or fitted or joined by different methods. Taking these examples in mind we should realise that the manufacturing processes involve joining of various components to accomplish different purposes.
