LESSON 8

Alternators and AC Motors

SU1N4Z

291

If "What is truth? the question be,
It is to speak out evil – free.

— Thiruvalluvar

LEARNING OBJECTIVES

This chapter enable the students to know about basic principle, construction, operation of single phase, three phase AC motor and stepper motor.

Table of Content

8.1 Alternator (AC Generator) - Introduction
8.2 Basic Principle
8.3 Construction
8.4 Single Phase AC Motor
8.5 Three Phase AC Motor
8.6 Stepper Motor
