Like all living things, human beings also need food in order to live as every part of the body must get a steady supply of food so that it can work properly, but first the food eaten has to be broken down through a process called digestion so that it can dissolve in the blood and carried to all parts of the body.

Narrative Writing

Our thoughts and ideas can be expressed in an interesting manner.They can be presented as a narration. In this section, we shall learn how to develop a proverb and a news headline into a story paragraph.

Every story has a beginning, a middle section and an ending. Here is the format for developing a story:

Introduction / Beginning

- ✓ Describe the setting (Where & When).
- ✓ Introduce the characters (Who).
- ✓ Explain the situation.

Events / Middle

- ✓ Describe what happened.
- ✓ Use transition words that show time and order (suddenly, as soon as, before, meanwhile).

Solution / Ending

- ✓ Explain how the story ends.
- ✓ Describe what happens to the characters.
- ✓ State how the problem ends / gets resolved.
- ✓ Add a reflection sentence or a closing sentence.

An example: Expand the proverb 'A bad workman always blames his tools' into a story-paragraph. Notice the beginning, middle and end. Begin with the meaning of the proverb.

'A bad workman always blames his tools'

The meaning of this proverb is that our success does not depend on what kind of tools we have but how we use them. Here is a story to elucidate the meaning.
