## 22.3 Wildlife and its Conservation

Wild life refers to the undomesticated animals living in their natural habitats (forests, grasslands and deserts) an area without human habitation. They are needed for maintaining biological diversity. It also helps in promoting economic activities that generates revenue through tourism. Conservation of forest and wildlife is interrelated with each other.

### 22.3.1 Decline in Wildlife Population

Wildlife of India is a great natural heritage. Exploitation of wildlife resources has decreased global wildlife population by 52% between 1970 and 2014. Over exploitation and shrinking of forest cover areas has resulted in animals becoming extinct, some are threatened and some are on the verge of extinction. In recent years, increase in human encroachment has posed a threat to India's wildlife.

### 22.3.2 Aims of Wildlife Management

The main aim of wildlife conservation are:

- To control and limit exploitation of species.
- To preserve the plants and animals from extinction.
- Maintenance of threatened species and protect species which are on the verge of extinction.
- Preserve the endangered species.
- To study the ecological relationship of the plants and animals in natural habitat.
- Hunting and poaching should be prohibited.
- Establishment of National parks, Wildlife sanctuaries, protected areas and Biosphere reserves.

**The Wildlife protection Act** was established in **1972.** The provisions of the act are

- Prohibit killing and hunting of specified animals.
- Constitute sanctuaries, national parks, and closed areas for wildlife conservation.
- Special schemes for preservation of endangered species.
- Constitute Central Zoo Authority and recognition of zoos.
- Restrict, regulate or prohibit trade in wild animals and products obtained from them.

DO YOU KNOW?

- Jim Corbett National Park was the first to be established in 1936 in Uttarakhand, India.
- There are 15 biosphere reserves in India.
- The Nilgiris is a biosphere reserve in Tamil Nadu.

### 22.3.4 Organisations Involved in Conservation of Wildlife

(i) Indian Board for WildLife (IBWL)
(ii) World Wildlife Fund (WWF) for Nature
(iii) World Conservation Union (WCN)
(iv) International Union for Conservation of Nature and Natural resources (IUCN)
(v) Convention of International Trade in Endangered Species (CITES)
(vi) Bombay Natural History Society (BNHS)
(vii) Wild life Preservation Society of India, Dehradun

DO YOU KNOW?

Rathika Ramasamy, a native of Venkatachalapuram village, Theni District in Tamil Nadu was the first Indian woman to strike an International reputation as wildlife photographer. Her passion is towards bird photography. A photobook on wildlife titled "The best of wildlife moments" was published in November 2014.
