E. Activity

It's fun to help out in the kitchen. You can even practice reading aloud when reading the recipe. And you can learn a little math by figuring out how to measure. Here are a few fun items to make that are "Alice" themed.

Rabbit Salad

In this recipe, you will create a salad shaped like a rabbit.

- ❖ Start by washing some lettuce leaves. You will be using them as the base for the salad. Spread the leaves on top of a plate.
- ❖ For the rabbit's body: You will need half of a fresh or canned pear. If you have a whole pear, cut it in half lengthwise. This will be the body you will decorate.
- ❖ To create the rabbit's nose: use a cherry or some red-coloured, dried fruit, like a cranberry. Place it in the middle of the narrow part of the pear.
- ❖ Now you can add the eyes. Take 2 raisins and put them just above the nose on the narrow part of the pear.
- ❖ Next, the rabbit will need its ears. Use 2 almonds or other nut of choice and stick them into the pear above the eyes.
- ❖ Lastly, all rabbits need a tail. Take a small piece of cauliflower and place it at the rear of the wide end of the pear half. For a sweeter version, use a mini marshmallow.

F. Learning About Nature

Learn about caterpillars and butterflies. Read a book about a caterpillar turning into a butterfly. You can get one from the library or go online and find information with pictures.

CONNECTING TO SELF

G. Tackling the Issues

Ask the class to discuss solutions to an issue that plagues contemporary society at large or just your community—for example, homelessness, violence, environmental degradation, hunger.

Half the class should mention idealistic solutions to the chosen issue; the other half
