2. What effect do the things Don Quixote reads have on him?
3. Why didn't Don Quixote believe Sancho Panza when Sancho told him the ogres were actually windmills?
4. Why do you think Sancho continued to journey on with Don Quixote after the windmill incident?
5. When Don Quixote sees the cloud of dust on the plain in the distance, what does he think causes it?

7. What is the reaction of the shepherds when they see that Don Quixote is attacking their sheep?

Think and Do

1. Most people associate windmills with Holland, rather than Spain. Use the encyclopaedia and any other sources you might have to find out more about windmills and their traditional and modern uses. Then, make a model of a windmill to display with the results of your research.
