2. Draw a design of a boat that skims trash off the surface of a river, lake, or ocean. Label the parts and give your invention a catchy name.

- ★ What kind of vessel could do the job?
- ★ What parts would it have?
- ★ How would it move?
- ★ How could it tell the difference between trash and other objects, such as animals and seaweed?
- ★ How would it store and dump the trash?
- ★ Could your machine double as a beach sweeper, sifting trash from sand?

Discuss and Answer

To Dream the Impossible Dream

Don Quixote might be seen as not simply crazy in his refusal to see things as they really are but more like a person who wants to accomplish a greater good and so refuses to compromise his ideals. Examples of such people include Nelson Mandela, Mahatma Gandhi, and Martin Luther King Jr.

Discuss (with examples and other evidence) whether or not they think Quixote deserves to be put in the company of real-world idealists or is merely delusional.
