

**Rekha:** How did you play when it was hot?

**Grandma:** When I was young, our neighbourhood was full of trees and I used to play under the shade of the trees.

**Rekha:** Wow! Really? I wonder how people lived in those days!

**Grandma:** Do you know, there is a way to know and understand how people lived in those days?

**Rekha:** How is that possible? Tell me more.

**Grandma:** Have you ever found a seashell while digging in the beach?

**Rekha:** Yes!
