Arikamedu

Arikamedu is an archaeological site situated near Puducherry. We have come to know through excavations that the coastal village Arikamedu had trade relationship with Rome. An archaeologist found **Roman lamps, glass, stone beads, gems, cutlery and crockery, wine containers** etc there. He mentioned that those antiques were new for the local fishermen of the village.

Arikamedu

Dinosaur eggs were discovered at Senthurai in Ariyalur district.
