UNIT

3

Continents of the world

Learning objectives

Students can :

- describe the key features of each continent.
- know about some countries in each continent.

Z5I4X2

Introduction

Where do we all live? We all live on the **Earth**. Earth is our home. The total land on the earth is formed of **seven continents** of various sizes. Some are connected to each other while others are not. Each continent has different number of countries. The seven continents of the world are: **Asia, Africa, North America, South America, Antarctica, Europe and Australia.**
