Antarctica

Antarctica is the coldest continent on Earth. It is also called the White Continent or the Frozen Continent.

Antarctica experiences half a year of sun light and half a year of complete darkness. Penguins are found in Antractica.

There are many research stations from different countries in Antarctica.

Penguins in Antarctica.

LET US KNOW

Bharati and **Maitri** are the active Indian research stations in Antarctica. India's first research station **Dakshin Gangotri** is used as a supply base.
