Let us see artistic chains with different coloured beads.

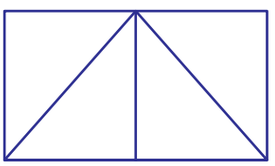

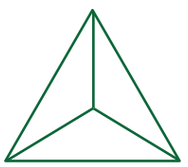

Try this

How many squares are there?

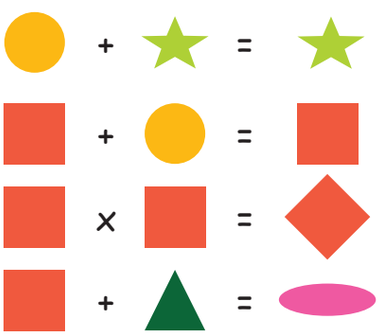

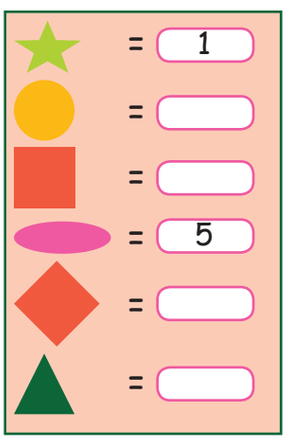

Activity: 1

Figures			
Number of Triangles	12		
Number of Squares	6		

Activity: 2

The following shapes are drawn instead of numbers 0, 1, 2, 3, 4, 5. Shall we find the number of each shapes.

Let us know

In a street, there are two times Cats as Dogs.

D - Dog, C - Cat

It is represented as D = 2C.
