1.3.2 Non-Commercial

Non-commercial food service operations could be defined as operations including colleges and universities, healthcare, industries, military, day-care centres, orphanages and old age homes which give free food and accommodation. This segment prepares, serves food and supports some other establishment's main function or purpose. For example, the cafeteria in a university supports the goal of educating students by serving them meals so that they have the energy to participate in class and other activities. Within the noncommercial segment, food service is typically handled either by contractors who will manage and operate the food and
