Ode to Technology...

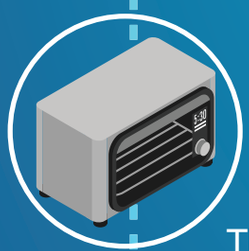

You've brought us closer,
Then made us more distant.
Made us more aware,
Then made us doubtful of ourselves.
Introduce us to more friends,
Then invited more enemies.
Given us more publicity,
Then exploited us.
Save us more time,
Now it's spent to be more busy.
Simplify our tasks just to make life more difficult.
You're an entrapping blessing in disguise.
Made us feel more secure,
Yet gave us more tools to break in.
You've become our new addiction,
Just a second without you,
Got us in technology withdraw.
You're a complication in simplicity.
There's so much to love you but also so much to hate.
Can't live with you or without you...
