slave to exporting country and end up becoming colony of the exporting country.

2. Inhibition of Growth of Home Industries.

International business may discourage the growth of indigenous industry. Unrestricted imports and severe competition from foreign companies may ruin the home industries altogether.

3. Import of Harmful Goods.

International business may lead to import of luxurious goods, spurious goods, dangerous goods, etc. It may harm the well-being of people.

4. Misuse of Natural Resources.

Excessive export of scarce natural resources to various countries across the world may lead to faster depletion of the resources in the exporting countries. This in turn may bring about ecological disaster in the country from which it is exported.

5. Political Exploitation.

International business may create economic dependence among the countries which may threaten their political independence. The MNCs may influence the policy decision of the government to their favour. In due course of time they may dictate terms to administrators of nation by the sheer strength of their money power. For example Britishers came to many countries as mere traders and ultimately colonized those countries and ruled them for centuries.

6. Rivalry among the Nations.

Acute competition for exports may lead to rivalry among the nations. This may lead to conflict of interest among the countries and end up in wars among them.

7. Invasion of Culture.

International business may result in invasion of country's culture. Younger generation is more likely to imitate foreign culture and buy goods and services beyond their means to gain acceptance in the affluent section of society. This will ruin the conventional lifestyle of the society.
