ICT CORNER

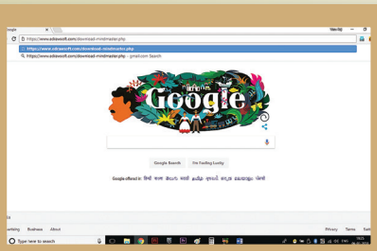

CREATE YOUR OWN MIND MAP

Create your own Mind Map

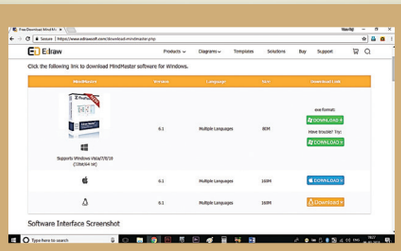

STEPS:

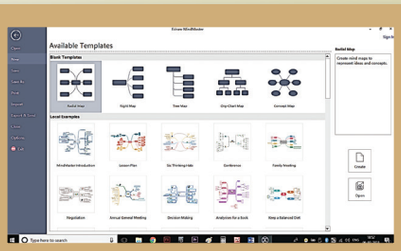

- Open the Browser and type the URL given (or) Scan the QR Code.
- EDRAW Mind Master Download page will open. Click on Download and Install the software.
- After Installing in your Computer open it and select one of the "templates" given and click "Create". You will get the required Mind Map page.
- It will show "Main Idea" box. Enter the main topic. When you move the cursor over this box "+" sign will appear. If you Click on "+" sign next branch will open. Similarly, you can create branches wherever you want. Now type the relevant titles on the boxes. Now your Mind Map is ready. Simple example is shown. If you click on "–" you can Hide the Branch and "+ " will appear. If you click "+" the branch will appear again and " – " will appear.
- You can change colour, Background and the text style. You can save and edit later as HTML format with show hide features. you can save this as pictures to use in any document.
- Explore more and make it beautiful.
