PACKING IS AN ART

a. List a few tips for stress-free packing for a vacation.

i) Prepare a check list (on paper, text message..)

ii) Roll and vacuum pack (towels, clothes)

iii) Ziplock bags (gadgets,oil,...)

b. Here's *Mr. Jerome K Jerome*, a British writer, who humourously describes his experiences of packing for a trip, in his famous masterpiece, '**Three Men in a Boat**' (Chapter 4)

1. We made a list of the things to be taken, and a pretty lengthy one it was, before we parted that evening. The next day, which was Friday, we got them all together, and met in the evening to pack. We got a big Gladstone for the clothes, and a couple of hampers for the victuals and the cooking utensils. We moved the table up against the window, piled everything in a heap in the middle of the floor, and sat round and looked at it. I said I'd pack. I rather pride myself on my packing. Packing is one of those many things that I feel I know more about than any other person living. (It surprises me myself, sometimes, how many of these subjects there are.) I impressed the fact upon George and Harris, and told them that they had better leave the whole matter entirely to me. They fell into the suggestion with a readiness that had something uncanny about it.

Name the trio who started packing.

2. This was hardly what I intended. What I had meant, of course, was, that I should boss the job, and that Harris and George should potter about under my directions, I pushing them aside every now and then with, "Oh, you –!" "Here, let me do it." "There you are, simple enough!" – really teaching them, as you might say. Their taking it in the way they did irritated me. There is nothing that irritates me more than seeing other people sitting about doing nothing when I'm working. I lived with a man once who used to make me mad that way. He would loll on the sofa and watch me doing things by the hour together, following me round the room with his eyes, wherever I went. He said it made him feel that life was not an idle dream to be gaped and yawned through, but a noble task, full of duty and stern work. He said he often wondered now how he could have gone on before he met me, never having anybody to look at while they worked. Now, I'm not like that. I can't sit still and see another man slaving and working. I want to get up and superintend,
