c. Some more verb forms.

Verbs which have the past or the present form are called **FINITE verbs.**

- I saw a sparrow chirping on the roof.
- I see a sparrow chirping on the roof.
- I have seen a sparrow chirping on the roof.
- They had seen a sparrow chirping on the roof.

Note: Of the two verb forms see and chirping only see changes with tense. That is the finite verb.

Verbs which do not change to indicate tense number or person are called **NON-FINITE** verbs.

Let us look at the use of Non-finite forms in detail.

Non-finite verbs do not indicate the action of subject or noun, number or tense, mood or gender in the sentence. They are commonly used in the sentence as nouns, adverbs and adjectives as well as to form non-finite clauses.

Non-finite verbs are classified into three types.

They are **1. Infinitives 2. Participles 3. Gerunds**

i. Infinitives: It is considered the base form and uses the word 'to' before the verb. It functions as noun phrases or modifiers of nouns.

Eg.

1. It is our responsibility ***to save*** sparrows.
2. Water bathing is similar ***to dust*** bathing.

ii. Participle: It is formed by adding 'ing' or 'ed' to the basic verb. It is used as an adjective that modifies a noun.

Eg.

1. ***Creating*** awareness is the key to survival.
2. ***Fluttering*** their wings, the sparrows splashed in the water.
