II. Match the following:

1. Loudspeaker - noice pollution
2. Rio de Janeiro, Brazil - T- shaped settlement
3. Cruciform settlement - Earth Summit, 1992

III. Consider the given statements and choose the right option given below

1. **Assertion(A):** Ozone layer in the stratosphere is considered as a protective shield.

   Reason(R): It prevents the UV radiation from reaching the earth's surface.

   a) A and R are correct and A explains R

   b) A and R are correct, but A does not explain R

   c) A is incorrect but R is correct

   d) Both A and R are incorrect

2. **Assertion(A):** In tertiary activities, instead of producing goods by themselves, they are in the process of production.

   Reason(R): People in Tertiary activities are purely eco friendly.

   a) Both A and R are incorrect

   b) A and R are correct but A does not explain R

   c) A is correct and R is incorrect

   d) A and R are correct and A explains R

IV. Answer the following in brief:

1. What do you mean by the term 'density of population'?
2. What is 'black death'?
3. Define.

   i) Population growth

   ii) Census

   iii) Sustainable Development.

V. Give reasons for the following:

1. The economy of the quaternary sector is called knowledge economy.
2. Population growth has to be brought under control.
3. Sustainable development growth has been set to protect the planet.

VI. Distinguish the following:

1. Primary activities and Secondary activities

VII. Answer in a paragraph:

1. Explain the factors affecting the distribution of population.
2. Describe the patterns of rural settlement with neat diagrams.

VIII. Map skill:

On the outline map of the world mark the following.

1. England - A country affected by 'black death'.
2. Denmark - First country where the modern census was conducted.
3. River Hwang Ho.
