Glossary

Aristocracy

Rule by an upper class.

Checks and Balances

A principle of a system of government whereby each branch of the government can check the actions of the others. As originally conceived, this was true of the government of the USA.

Concurrent Powers

Powers held jointly by the national and state governments.

Confederal System

A league of independent states, each having essentially sovereign powers. The central government created by such a league has only limited powers over the states.

Democratic Republic

A republic in which the representatives elected by the people make and enforce laws and policies.

Devolution.

Transfer of powers from the national or central government to state or local government. This happened in the United Kingdom in the late twentieth century.

Direct Democracy

A system of government where political decisions are made by the people directly, rather than by their elected representatives.

Federalism

A political system in which authority is shared between a central government and a state or regional government.
