9. An indication of bridges, narrow roads through sign boards.
10. An indication of hospitals, tollgate, fuel bunk, airport, railway station, unmanned level crossing etc., at appropriate places through signboards.

What Is the 5S System?

5S is the name of a work-place organization method that uses a list of five Japanese words: seiri, seiton, seiso, seiketsu, and shitsuke. In English, these words are often translated to Sort, Set in Order, Shine, Standardize and Sustain.

5S system is a lean manufacturing tool that improves workplace efficiency and eliminates waste. Managers and workers achieve greater organization, standardization, and efficiency-all while reducing costs and boosting productivity.
