Running a vehicle AC when a vehicle at a stop, locking all the doors and windows when kids are inside is not advisable. This may cause injuries and accidents and difficult to come out when vehicle catches fire, or during suffocation. In such case, with the sharp edge on the detachable vehicle headrest can be used to break a vehicle's window glass. It is better to avoid sleeping inside the car, lock the kids inside the car, chatting long hours inside the locked car.
