

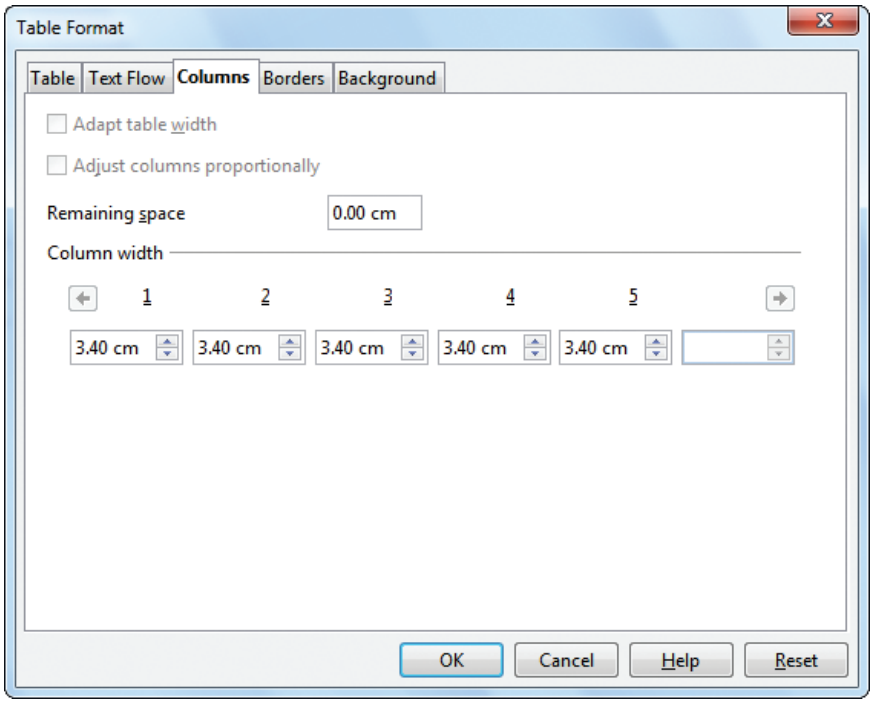

Figure 7.6Table Format Dialog Box

- Click the Columns tab. In the column width spin box enter the new column width or use spin arrow for the columns.
- Click OK button.
- The width of columns are resized as per the new values.

7.2 Formatting The Table

Formatting a table involves formatting of the table layout, formatting of the table text, changing borders, background and autoformating.

7.2.1Changing Background

To change the background of a table in a document:

Place the insertion pointer inside the table.

1. Select **Table → Table Properties.**
2. Select the **Background** tab inside the Table Format dialog box as shown in Figure 7.7.
3. In the **For** section, choose to apply the background to the cell, row or table.

- **Cell:** To apply background to a cell or a group of selected cells.
- **Row:** The background will be applied to the entire row or group of selected rows.
- **Table:** The background will be applied to the entire table.

4. In the **As** section, choose to apply a color or graphic:

- To apply **color**, select the color from the color palette and click **OK** button.
