time you use that phrase, you might just type "tn" and press F3.You can also save a formatted Tip as AutoText and then insert a copy by typing "tip" and pressing F3.

To assign AutoText shortcut to some text, the steps are as follows:

1. Select the text for which shortcut is to be created. So that it is highlighted.
2. Select **Edit** → **AutoText** (or press **Ctrl+F3**).
3. In the Name textbox, type the shortcut. Writer will automatically show one letter shortcut in the Shortcut textbox.
4. Click the ▼ of the AutoText button on the right and select New (text only) from the menu.
5. Click Close to return to your document.
6. Once the entry is created, to insert the auto text into the document, place the insertion point where the text is to be inserted and click **Ctrl+F3.**
7. Select the name from the list of entries and click Insert button or type the shortcut and press F3.
8. The auto text is inserted into your text.

Note

If the only option under the AutoText button is Import, either you have not entered a name for your AutoText or there is no text selected in the document.

7.5 Page Preview, Setting the printer and Printing a Document

7.5.1 Preview the document to be printed

It is a good practice to preview the document before taking the print out. The steps to be followed to preview the document :
