This helps us to modify the position of the address label and general salutation.

Click **Next**

Step 6: Edit document helps us to add or modify the content of the letter.

When the user click "**Edit document**" mail merge wizard window shrinks and the control is transferred to the document enabling the user to modify the content.

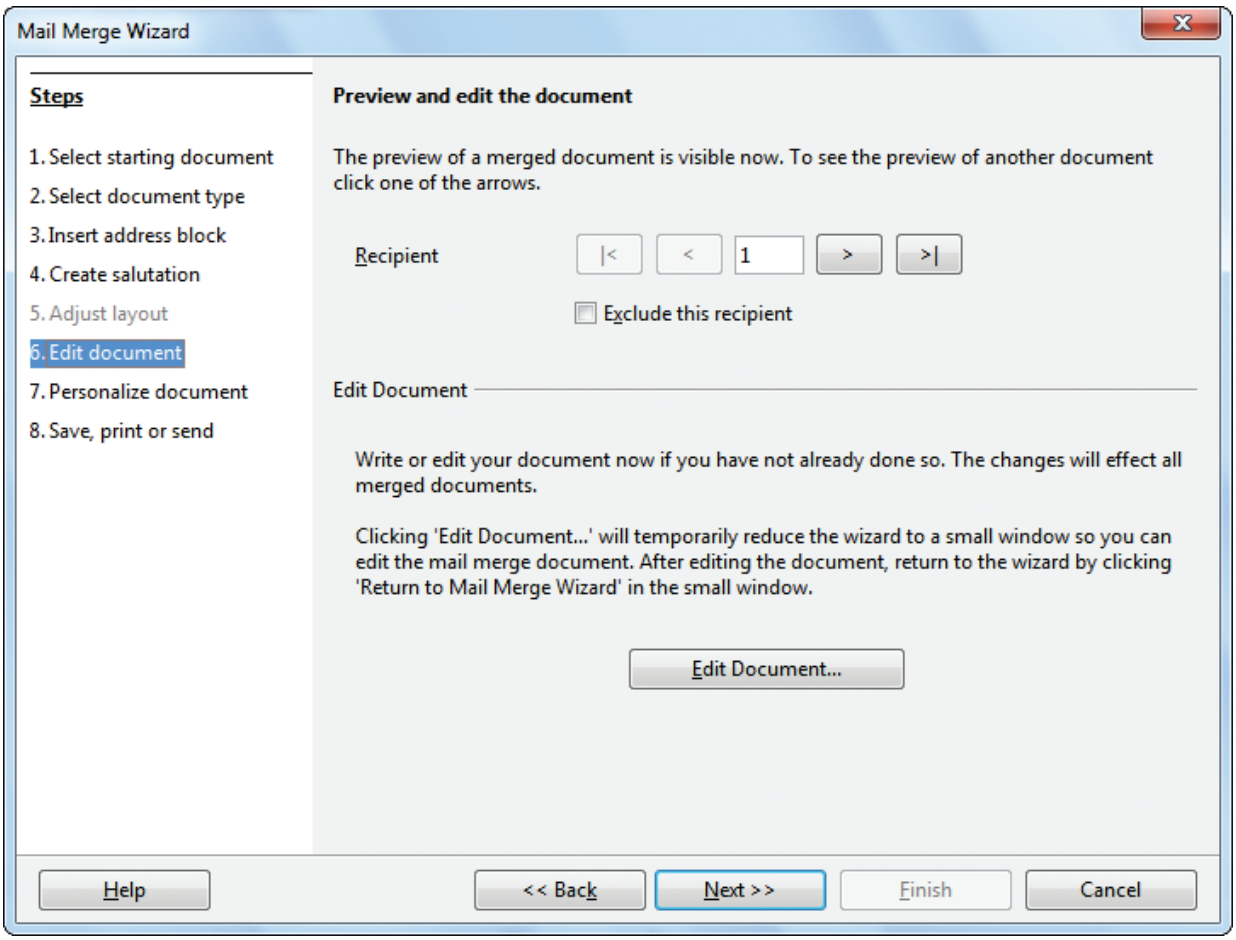

Figure 8.11 Preview and Edit document

After editing the document. Click on "**Return to Mail Merge Wizard**" from the pop-up that appears on the top left corner of the document to return back to mail merge wizard window.
