Here are some more features of the spelling command:

- The **Not in dictionary** text area displays the misspelt word.
- The **Suggestions** box displays the alternate spelling.
- The **Ignore Once** button skips the word once.
- The **Ignore All** button skips all occurances of the word.
- The **Change** button will change only that particular occurance.
- The **Change All** button will change all the occurances of the word.
- The Text language can be changed (for example, Spanish, French, or German) from the Spelling dialog box.
- The new words can be added to a dictionary. Click **Add** in the Spelling dialog box and pick the dictionary to add to it.
