If a slide is not in the correct sequence, you can move it to its proper place:

a) Click the **slide icon** of the slide that you wish to move, as indicated in **Figure 12.22**.

b) **Drag and drop** it where you want.

12.7.3. Notes view

Use the Notes view to add notes to a slide:

1) Click the Notes tab in the **Workspace** (**Figure 12.23**).

2) Select the slide to which you will add notes.
