Madurai Project

Project Madurai is an open and voluntary initiative to collect and publish free electronic editions of ancient tamil literary classics. This means either typing-in or scanning old books and archiving the text is one of the most readily accessible formats for use on all popular computer platforms.

Since its launch in 1998, Project Madurai etexts released are in Tamil script form as per TSCII encoding. Since 2004 we have started releasing etexts in Tamil unicode as well.

Tamil Wikipedia:

Wikipedia is a open source encyclopedia. Any person can write an article about any subject. There are more than 1 lakh articles in Tamil Wikipedia.

Web Site: https://ta.wikipedia.org/

In order to make Tamil as a living language, it is the duty of every Tamilian to involve Tamil in development of technology. Those who forgotten their values, the will be considered as "Nomads". If we learn about how many great technologies we have to add Tamil as a symbol of our race. It is our duty to combine our world's first language and language for more than five thousand years with growing technology.

Points to Remember:

- Tamil topped the list of the most widely used regional languages in India by the end of 2016, among 42% are using the Internet.
