### Work Space

The work space is the blank area which is used to type the content of the file.A flashing vertical bar that appears at the beginning of the screen which is called as "Insertion pointer".

### Status Bar

The status bar is at the bottom of the window which shows the current status of the document such as number of pages, current page number, default language etc.

### 6.2.4 Entering the Text

Once a new document is opened, the text can be typed in the blank area of the screen. As the text is typed they appear on the screen and the flashing vertical bar called the insertion pointer moves to the right. When the text reaches the end of the line, the word is automatically wrapped to the next line. This feature in any word processor is known as "Word Wrap".

The **Enter** key must not be pressed at the end of the each line. The Enter key should be pressed only at the end of a paragraph or when a blank line is to be inserted. When a page is filled up, OpenOffice Writer automatically creates a new page.
