Turning off Bullets and Numbering –

As you can quickly add bullets or numbers to existing text by clicking on the icons, the bullets and numbers can be removed easily.

- Select the text where the bullets and numbers are to be removed.
- Click on the bullets icon again to remove bullets.
- Click on the numbering icon again to remove numbering.

6.9 Page formatting

The most important thing in a word processor is how to format the page by changing margins, numbering, page layout, headers and footers. Formatting your page makes it look more attractive and make it easier to read.

6.9.1 Setting the page size and margins Changing page size

The default page size in Writer is **8.5 x 11”**, the same as that of a standard A4 printing paper. However, for different types of documents, you may need to change the page size. To change the page size:

- Select the page to be resized
- Select **Format** → **Page**, the page style dialog box appears as shown in Figure 6.23.
- Select Page Tab
- In the **paper format group,** select the format like A4, legal …. etc
- Or the **width** and **height** option can be used to set the page size.
