

LET US SPEAK

My name is Rosy. I am lost.

I came here with my parents for the car festival.

Thank you. But, my parents and teachers advised me not to go with any stranger.

Sorry. I am looking for a policeman or traffic police for my guidance.

If so, I will give my father's phone number. Please call him. But, I will not come with you.

Who are you ma? Why are you standing alone?

Why did you come here?

Oh! Come, I can help you find your parents. First, I will buy you something to eat.

That's good. But, I will not harm you.

Fine. Don't worry, I am also a policeman.

That's good. I will call your father.

Note to the teacher: Make the children practise these phrases and give them different scenarios to practise.
