Indeed, I talked of it until the library attendants, believing me a lunatic or a dynamite fiend, declined to humor me, and spoke to the police. I suspect that for a while I was "shadowed" as a suspicious, and possibly criminal, character. I gave up the libraries, and, becoming more and more fearful, set my precious box on a down pillow, for fear of its being shaken; for at this time even the absurd possibility of its being disturbed by an earthquake troubled me. I tried to calculate the amount of shake needed to explode my box.

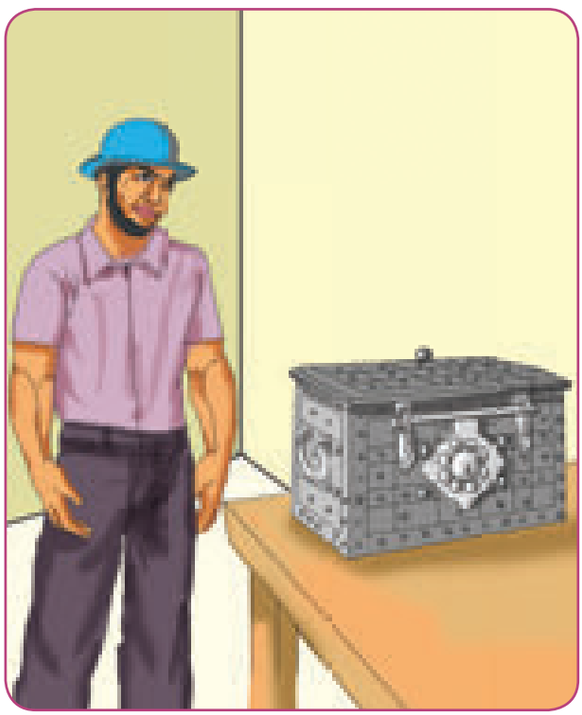

The old doctor, when I saw him again, begged me to give up all thought of the matter, and, as I felt how completely I was the slave of one despotic idea, I tried to take the good advice thus given me.

Unhappily, I found, soon after, between the leaves of my uncle's Bible, a numbered list of the stones with their cost and much beside. It was dated two years before my uncle's death. Many of the stones were well known, and their enormous value amazed me.

Several of the rubies were described with care, and curious histories of them were given in detail. One was said to be the famous "Sunset ruby," which had belonged to the Empress-Queen Maria Theresa. One was called the "Blood ruby," not, as was explained, because of the color, but on account of the murders it had occasioned. Now, as I read, it seemed again to threaten death.

The pearls were described with care as an unequalled collection. Concerning two of them my uncle had written what I might call biographies—for, indeed, they seemed to have done much evil and some good. One, a black pearl, was mentioned in an old bill of sale as—She—which seemed queer to me.

It was maddening. Here, guarded by a vision of sudden death, was wealth "beyond the dreams of avarice." I am not a clever or ingenious man; I know little beyond how to keep a ledger, and so I was, and am, no doubt, absurd about many of my notions as to how to solve this riddle.

At one time I thought of finding a man who would take the risk of unlocking the box, but what right had I to subject anyone else to the trial I dared not face? I could easily drop the box from a height somewhere, and if it did not explode could then safely unlock it; but if it did blow up when it fell, good-by to my rubies. Mine, indeed! I was rich, and I was not. I grew thin and morbid, and so miserable that, I at last carried my troubles to my father
