This is a national event which aims at promoting public awareness about traffic rules and to reduce causalities due to road accidents. It is observed annually. It is celebrated with great joy and enthusiasm. A variety of programmes related to road safety is conducted. Educational banners, safety posters, leaflets, and pocket guides related to road safety are distributed to the public.

The Government of India observes 'Road Safety Week' awareness during January, every year.

## Suggestions

- Walking is a good alternative and cycling is a good exercise for a distance of 1 to 2 kms.
- Use eco-friendly vehicles.
- Implement the idea of installing bollards near unmanned railway crossings. A separate unhindered passage for cyclists would yield many benefits and also reducing road crashes.
- Cycling is a healthy habit and reduces pollution.
- Motorcycle manufacturers should be asked to design two wheelers with a designed maximum speed of 50 km ph.
- An awareness programme can be used by narrating live examples and also projecting videos.

## Recap

- Road safety refers to the methods and measures used to prevent road users and vechicle users from fatal accidents and injuries.
- Violation of road rules and regulations cause road crashes and a threatening impact on a country's growth and economy.
- Traffic signs act as silent conductors of the traffic on the road.
- Mandatory signs, Cautionary signs and informatory signs are the three types of traffic signs.
- Every country celebrates road safety week.
- We should strictly follow the rules and regulations road safety and save our nation.

| Glossary | | | |
