

The Missile Man Of India

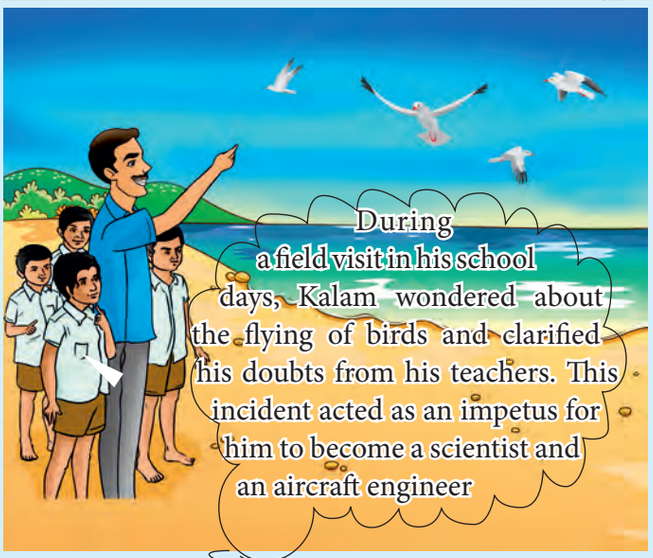

A.P.J. Abdul Kalam (1931-2015)

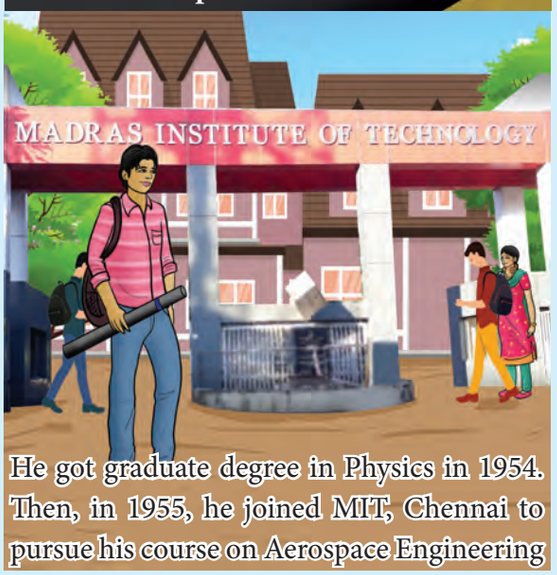

Abdul Kalam started his school education in Government school at Rameswaram. He was very much interested in science and mathematics during his school days

He assisted his relative, a news paper agent during his childhood to meet his educational expenditure

He got graduate degree in Physics in 1954. Then, in 1955, he joined MIT, Chennai to pursue his course on Aerospace Engineering

After completing his studies at MIT, he designed an aircraft named 'Nandhi' using indigenous materials with the help of indigenous technologists, He operated that flight himself

He took charge as the Director of Indian Defence Research Development Organisation and the scientific advisor to the Defence Ministry of India in 1983
